Professional Summary

Passionate and detail-oriented React.js Developer with strong expertise in building and optimizing high-performance web applications. Adept at designing scalable and maintainable UI components using React.js, Redux Toolkit, and JavaScript (ES6+). Skilled in translating design wireframes into fully functional and responsive web applications. Proven experience in API integration, performance optimization, and working in Agile environments to deliver projects on time. Committed to continuous learning and staying updated with the latest frontend technologies and trends.

Core Skills

Frontend Development: React.js, Redux Toolkit, JavaScript (ES6+), Vite

Performance Optimization: React component optimization, lazy loading, code-splitting, performance debugging

API Integration: RESTful APIs, Axios, asynchronous request handling, API integration

Styling & Animation: TailwindCSS, Bootstrap, SASS, GSAP

Testing & Debugging: Unit testing, integration testing, Jest, React Testing Library

Version Control: Git, GitHub, GitLab

Professional Experience

SIB Infotech   **Janakpuri West, Delhi**
Frontend Developer   *Apr 2024–Oct 2024*

○ Developed and maintained React.js web interfaces, ensuring high performance across various browsers and devices.
○ Integrated RESTful APIs to enable smooth dynamic content loading, including search filters and infinite scrolling.
○ Focused on performance optimization, reducing loading times by 15% through techniques like lazy loading and code-splitting. Built reusable components and front-end libraries to ensure modularity and scalability.
○ Collaborated with backend developers to implement efficient API handling and seamless data exchange.
○ Contributed to regular code reviews and collaborated with teams to refine processes for continuous improvement.

Freelancing Projects

Fimax – Movie Search Platform: fimax.vercel.app

○ Developed a React.js-based movie search platform with Redux Toolkit for state management and API integration.
○ Optimized performance with features like infinite scrolling, dynamic search filters, and efficient data handling.
○ Ensured fast and smooth user experience by implementing React best practices and debugging bottlenecks.

LushLens Studio Website: www.lushlensstudio.com

○ Designed and developed a fully responsive and visually appealing website using HTML, CSS, and JavaScript.
○ Improved site performance and user engagement by implementing interactive features and enhancing UI/UX design, exceeding client expectations and improving website traffic by 20%.

Education

Zakir Hussain Delhi College   **New Delhi**
Bachelor of Science in Computer Science   *2022–2025*
Expected Graduation: 2025
